# Queries

The list below comprises the queries that you should implement as part of the submission (prior to demo). You will be presenting the OUTPUT of these queries during the DEMO.

1. Which service center has the most number of customers?

2. What is the average price of an Evaporator Repair for Hondas across all service centers?

3. Which customer(s) have unpaid invoices in Service Center 30003

4. List all services that are listed as both maintenance and repair services globally.

5. What is the difference between the cost of doing a belt replacement + schedule A on a Toyota at center 30001 vs 30002?

6. What is the next eligible maintenance schedule service for the car with VIN 34KLE19D
